The vision of Stamford Park Trust has naturally evolved from the ethos and culture of Ashton Sixth Form College. It demonstrates our commitment to supporting young people in the borough and surrounding area from the age of 4 to 18, helping young people and adults to improve their life chances through improved outcomes. The mission is simple; to work collaboratively to improve the quality of teaching, learning and outcomes for all schools in the Multi-Academy Trust.

Our School

As a high performing school, we offer a rich, broad and engaging education for all our young people. Now part of the Stamford Park Trust, Fairfield High School for Girls is a successful single sex school, of just under 1,000 11-16 year olds. The school enjoys an enviable reputation within its locality. It is extremely popular and has been significantly oversubscribed in recent years. It attracts pupils from more than 35 different primary schools within four different local education authorities.

We deliver an outstanding quality of education and because of this, Fairfield has a consistently strong history of excellent academic results. Our pupils work hard as they progress through a carefully planned, knowledge-rich curriculum to develop their understanding and skills to achieve outstanding grades across the curriculum. Our Progress 8 score for 2024 was +0.53 for all pupils and +0.65 for disadvantaged pupils. In 2024, Fairfield pupils achieved an amazing 118 grade 9s or equivalent D* vocational results.

The vision

The curriculum lies at the heart of all we do as a school. Our curriculum experience has breadth and challenge and is planned to meet all pupils' learning needs. Through the curriculum pupils acquire a wide breadth of knowledge which in turn enables the application of skills, supporting progression to the next stage of learning. It poses questions and pursues answers. Through a rigorous academic focus, we aim to provide the very best learning experiences in Mathematics, English, the Arts, Sciences, Languages, Technology, Humanities and Computing.

Our pupils experience a curriculum which not only prepares them for their chosen learning pathway in further education or employment, but develops and encourages a deeper fascination and understanding of the world in which they live, their own values and those of others from differing belief systems. The impact of belonging to our school community reaches far beyond the academic. Through our strong ethos and wider curriculum, a rich set of enrichment experiences is offered; experience days, trips and visits, extra-curricular activities and the modelling of desired values and behaviours to develop character, resilience and a growth mind-set. This whole learning experience from Years 7 to 11 develops cultural understanding, aspiration and a curiosity about the world we live in. It develops pupils academically, emotionally, socially and morally.

We want our pupils to be educated citizens who appreciate the very best of human creativity and achievement. Who contribute, participate and engage with all aspects of their school experience to think about the people they aspire to be and the kind of world they aspire to create. Through our vision and mission, we inspire and support pupils to achieve and guide them to be successful learners, confident individuals and responsible citizens.
